#### **weReurope Information Sheet**

weReurope project (European Lifelong Learning by Intercultural Dialogue -funded by EU LLL Programme - Grundtvig), 2008  
Article in **Türkiye**

### **WEB LINKS**

#### **Platform for Intercultural Europe**

The Platform for Intercultural Europe is a network that connects the work of grass-roots practitioners, associations, public bodies and European institutions, forming strong links from practice to policy and back again. In this way it aims to strengthen the work of and support for all those who work towards intercultural dialogue in Europe

#### **WeReurope**

<http://www.wereurope.eu/project.html>

WeReurope is a European Union- funded (Grundtvig) project consortium jointly developing, testing and evaluating a model of "Intercultural Dialogue Conferences" (ICD) as a branded tool, which helps to create pathways for adult learners to improve their knowledge about the EU and their intercultural and key competencies via Adult Education Agencies. A learner-centred approach and the use of art and culture as intermediaries provide a rich methodology to motivate learners' activities, to raise their self-confidence and support creative expression, communication and intercultural exchange. A summary of the project is available in a number of languages.

#### **EPMEC**

Interculturalism module of EPMEC project. contains discussions and bibliographic resources (FR/EN/RO/PT)
