WEB LINKS

Age Platform Europe

[AGE Platform Europe](#) is a European network of around 150 organisations of and for people aged 50+ representing directly over 28 million older people in Europe. Web site includes pages on volunteering and lifelong learning in the Active Ageing section.

[Project SET](#) - Senior's Education and Training Knowledge Exchange

The fundamental goal of this project was to exchange information about education of seniors of the third age in four partnership countries. The partners of the project focused on typical forms of organizing lifelong education in their countries. (Website also available in Český)

[ASLECT project](#) – **Active Seniors Learn, Educate, Communicate and Transmit** is a project approaching the presence of senior people within cultural organizations from a double perspective: as users/beneficiaries of educational and cultural programmes, and, equally, as learning resources for developing new programmes addressing the community.
