Since the last meeting in Jönköping in Sweden in November 2009 the Intercultural Dialogue Sub-group managed to:

- revise and complete the information about the activities of the sub-group for the web site;
- discuss and prepare a set of definitions of intercultural education
- complete bibliography and links
- prepare the meeting in Hamburg on 5-7 May 2010
- discuss by mail the first draft of the important rules and regulations of volunteering activities (to be continued during the meeting in Hamburg in May 2010)
- discuss and start to prepare some relevant case studies

Sabine Remdisch and her secretaries from Leuphana University were very cooperative and active in preparing the meeting in Hamburg.

Emrah sent the translation of Ilkyar Volunteer Projects Manual, which will be used by the sub-group to recognise the competences of volunteers in the aspect of intercultural dialogue.

Emese is going to prepare the relevant case study.
